### Initial consultation

This is an opportunity to view our service offer and meet with our financial planner. The meeting provides you with an opportunity to make a decision as to whether you would like to initiate the financial planning process with our company. This meeting generally takes 20 minutes and there is no charge. In order to facilitate a more productive meeting an initial fact find is completed prior to the meeting.

---

### Data collection, Strategy Presentation, Advice Preparation

We will spend time with you to ensure we understand your current personal and financial position. The quality of our advice is largely governed by the quality of the information that you provide to us. This data collection can take considerable time as we seek information from external parties. Your situation may require a strategy presentation to discuss alternate strategies. Not all clients will require a strategy presentation. Should this meeting be required it will occur by mutual agreement.

If you elect to pay us a fee for advice the following fees will apply. A client engagement authority is signed prior to commencing work. The fees will depend on the size of the investment portfolio and the complexity of the advice:

The minimum fee charged is \$2,200 including GST while the maximum fee is \$5,500 including GST.

If, in developing your financial plan, we identify that the nature and scope of the advice to be provided differs to that initially agreed upon, our initial fee may change. In this case, we will provide you with an upfront quote of the amount payable before we proceed further with finalising your financial plan.

The minimum implementation fee will be \$330 including GST.

---

For example, an investment valued at \$200,000 the maximum ongoing fee would be \$2,420 pa. An ongoing care agreement will be signed prior to commencement. The ongoing advice fee will be based on the level of service needed and the complexity of the advice. The frequency of the review will also impact on the fee charged. Ongoing Service Fees are indexed by Consumer Price Index each year.
<b>Ad hoc advice</b>	Where you don't have an ongoing service arrangement and require ongoing advice on an ad hoc basis, a fee based on time charged at \$330 per hour may apply.
